

MARIS VERMENTINO – ORGANIC 2019

The Pays d'Oc is an ocean of sun-drenched vines in the south of France, between the garrigue and the Mediterranean blue where the atmosphere is unique. It is in this wild setting where MARIS wines are made from organic grapes grown in an environment that promotes biodiversity and sustainability.

Vinification

Following our biodynamic philosophy, the process is very natural with minimal intervention.

Tasting Notes

Combining floral notes of hawthorn and linden. It is an elegant wine, both round and refreshing on the palate.

Food pairing

Rice and pasta salads, fish and chicken dishes
